

ICEJ WAR RELIEF AID IN ISRAEL: ONE YEAR OVERVIEW

BY ICEJ AID TEAM

On the Jewish holiday of Simchat Torah last year, the people of Israel awoke to a nightmare. At daybreak on that fateful October 7, red alert sirens sounded across much of the nation, sending millions of Israelis rushing to their bomb shelters as waves of rockets rained down from the skies. Soon it was clear this was no ordinary rocket attack. Thousands of Hamas terrorists from Gaza were also infiltrating Israel's southern border, overrunning nearby towns and farming villages. On that dark day, some 1,200 Israelis were murdered, and 251 were taken hostage into Gaza. Families were burned alive in their homes, others were split apart amid the carnage and abductions, and tens of thousands of civilians were evacuated from the southern and northern border areas to safer locations across the country.

In response, the International Christian Embassy Jerusalem swiftly mobilised to provide urgent relief aid and support to the grieving and traumatised nation. Thanks to the generous contributions from our Christian donors worldwide, we have worked tirelessly to offer practical assistance to Israeli communities in need over the past year of war and displacement.

Here is an overview of the many projects and efforts we have undertaken during the past 12 months to help meet the many needs created by this immense tragedy in Israel. 

ICEJ AID OVERVIEW

7 OCTOBER 2023 TO 30 SEPTEMBER 2024

FOOD

- Food and water supplies for first responders at the Gaza border.
- Two delivery trucks to distribute food packages to evacuated and disadvantaged families.
- Cookouts for 820 security and first responder teams.
- 15,500 food boxes packaged in Rishon LeTzion for evacuated families.
- 150 families received food support in Jerusalem and Ma'ale Adumim.

EVACUEES

- Offered respite days to 450 evacuees, including congregation, new immigrants from the South.
